

# Accessibility Statement

Promatec S.p.A. is committed to making **its website** accessible, in accordance with Italian Law No. 4 of 9 January 2004.

This accessibility statement applies to

<https://www.promatec.it/it/>

## Compliance Status

This website is partially compliant with the requirements set out in Annex A of the UNI EN 301549 standard, due to the cases of non-compliance and/or exemptions listed below.

## Non-accessible Content

The content listed below is not accessible due to non-compliance with Law 4/2004. In order to prepare this accessibility statement, we took into account the WCAG 2.1 standards and the user experience of a test panel made up of people with different disabilities who tested the website. They used assistive technologies such as the main screen readers (JAWS, NVDA, or VoiceOver), whose purpose is to interpret page content and present it as voice output.

Test results show that some users may experience difficulties when using certain pages or functions of this website, as they are only partially accessible. The non-compliances and the violated success criteria are listed below:

**2.1.1 Keyboard:** the language selector may present some accessibility issues when navigated using assistive technologies.

**2.4.3 Focus Order:** in mobile view, keyboard focus is not moved to the menu when it is opened.

**4.1.2 Name, Role, Value:** in mobile view, if the menu is closed using the same button used to open it, the menu remains open.

## Preparation of the Accessibility Statement

This statement was prepared on 21/01/2026.

The statement was drawn up using an assessment carried out by third parties.
